Sedgwick Park House is a privately owned stately home, which holds selected events and functions. Set within 100 acres of rolling countryside, the gardens include breathtaking views of the South Downs and Chactonbury Ring, described by Sir Neville Henderson as there being "no more satisfying view in all England". A stunning venue for your transformational weekend.

## Sandra Hillawi

Sandra Hillawi has been practicing EFT for 7 years, trained in both EFT and EmoTrance for 5 years and attended Silvia Hartmann's launch of EmoTrance in London in 2002. Quickly embracing the concepts of energy flow and energy nutrition, Sandra became the most prolific trainer in EmoTrance having now trained several hundred of Sidereus Foundations international practitioners.

*"Sandra was one of the best course facilitators I've encountered speaking to us all, on every level, and answering every question until being truly understood. I had a wonderful weekend and enjoyed every learning moment."*

**R. Ryder Richardson, Surrey**

*"Of all the therapies I've trained in and approaches I have used none have excited me and touched me so deeply as EmoTrance. I have used it with a number of my clients and have witnessed how, within minutes, it allows unconditional love to pour into them from a source that minutes previously was causing them great pain. EmoTrance is quite simply the most beautiful, graceful and simple healing system I have come across."*

**Dr Mark Atkinson, UK**

*"What I love most about ET and being an ETP is how simple and basic it is. I love that one can side step 'the stories' behind the blockages, though the stories may be important in another time and place."*

**Mitzi Cline, USA**

*"What is so exciting about being an ET Practitioner is that it makes healing so easy, and at everybody's hands. It opens up a whole new way of looking at problems and emotions also, one that makes you feel you can really do something about it. And it is fantastic to help people drop shields or reach an energised end state - it just feels fantastic to be around people who open up to their potentials, being happy, free, smiling, laughing, shining and new."*

**Susann Forsberg, Sweden**

*"Thanks for the really great training. It was one of the best I had in all those years! EmoTrance is fantastic!"*

**Detlev Tesch, Germany**
